Look at the activities above. The activities are divided into three columns. You can choose one activity to complete each week. You could try at least one activity in each column. After that, the choice is yours.

- To help you organise your homework, it is a good idea to do a little every day. You can spend as long as you wish, but around one hour per week should be enough for most activities.
- If you have a brother or sister, you could work on an activity together.
- It is helpful if grown-ups help you, but please do the work yourself.

- The work should be filed/stuck into your homework book. Examples of good homework will be displayed in the hall.

Remember reading little and often is the best way to develop an understanding of vocabulary, comprehension and fluency. **STRIVE FOR FIVE!!** Read daily or at least five times a week! Please read for at least 10-15 minutes a day.
